Goodness. Gracious.

1.

Kickstart your Fundraiser!

A great way to encourage others to make a donation is by making a donation of your own!

2.

Share what and why!

Make use of any of the resources we have made available to you, and share what you're doing and why you're doing it with your family and friends on Social Media. Don't forget to include a link to your page so they can donate.

3.

You've got Mail!

Use one of the email templates we have available to draft a personal email that you can send to your family, friends and work colleagues to spread the word, which might encourage them to sponsor you!

4.

Personalise your Page!

Login to your personal *My Cause* page and edit your description to be a little more personal. People that read more about why YOU are doing it will be more likely to sponsor you.

5.

Create a Raffle!

Everyone loves a good raffle - so get some goodies together in a hamper and raffle it off to your friends and colleagues, and make a donation on behalf of everyone to your own page!

6.

Give Thanks!

Don't forget to thank your sponsors for donating to your page and letting them know how grateful you are. Why not see if they want to jump on board and join in on the night too!?
